

### Waiver Request

The El Rito Public Library is in great need of assistance for Telephone and Internet Service charges.

USAC has always sent notification of forms due, giving opening and closing dates for filing all forms. The El Rito Public Library did not receive notification that the FCC Form 470 was due, and when, for the 2018 filing period. Consequently, when we missed the 470 deadline and were attempting to file the 471, we realized that the 470 had not been filed for 2018. Form 470 was filed and certified on 4/16/2018.

In order to keep serving several rural communities in Northern New Mexico, we are in great need of a waiver as we are not funded by a government entity and rely completely on grants and donations.

We hereby request that our waiver be approved.

Thank you.

Walter Declerck, account manager at USAC
